

GROUP EXERCISE CLASS DESCRIPTIONS

CARDIO / STRENGTH

BODYPUMP THE ORIGINAL BARBELL CLASS™, the ideal workout for anyone looking to develop lean muscle and get fit. Using light to moderate weights with lots of repetition, BODYPUMP gives you a total body workout. Instructors will coach you through the scientifically-backed moves and techniques pumping out great music – helping you achieve much more than on your own!

BODYCOMBAT - a high-energy martial arts-inspired workout that is totally non-contact. Punch and kick your way to fitness. No experience needed. Learn moves from Karate, Taekwondo, Boxing, Muay Thai, Capoeira and Kung Fu.

Cycle A group exercise class done on stationary bikes that includes a variety of cycling techniques and skills to provide a high energy cardio workout.

Cycle Fusion– your favorite cycle class with weights to strength train as you ride.

PIYo-- If you love core conditioning and strength training, PIYo® is your answer. This unique format shares the core-strengthening foundations of yoga and Pilates, and builds it into a rhythmic and dynamic workout designed to build strength and gain flexibility.

Athletic Conditioning Intense cardio, strength, plyometric drills, & core work designed to improve performance in athletics & everyday activities.

HIT– High Intensity Training-**This class is designed with little equipment and made to keep your heart rate up for a quick workout on your lunch break. Prepare to sweat!**

Low Impact Fitness this class is geared toward active older adults & can be performed seated or standing. Cardio, strength, & flexibility are included in this format.

Low Impact Conditioning This class is geared towards healthy older adults looking for cardio, strength, and flexibility.

Core Conditioning A muscle toning class that focuses on your core through trunk stability and strength.

Step & Pump—This class uses intermediate step choreography and weight lifting segments for a total body workout.

Total Body Strength– This class works your full body to build strength and aerobic endurance.

TRX- Suspension Training bodyweight exercise develops strength, balance, flexibility, and core stability simultaneously.

TRX Tabata– uses TRX in 20 second intervals to burn calories, build muscle, and cardiovascular health

Thai Boxing Fitness– using Thai martial arts technique, participants will work the entire body, build technical competence and endurance.

DANCE

Zumba® Latin-inspired dance class that incorporates international & pop music creating a dynamic, exciting, & effective workout.

Hip Hop Fitness A dance-based cardio & toning program that blends various hip hop & dancehall moves to strengthen the core & lower body.

AQUATICS**

Fluid Movement Suitable for all fitness levels, this class offers walking & range of motion exercises to increase mobility, flexibility, balance & endurance. Great for participants with joint & mobility limitations.

Hydro Burn high intensity water workout that will test your limits, get your heart pumping & your muscles moving without the impact on your joints.

Aqua Yoga - Aqua Yoga brings the benefits of yoga (increased strength, flexibility, and mobility) to the water, decreasing joint impact & making the practice safe & fun for everyone.

AquaFit - A high energy aqua workout, targeting all the major muscles using the **water’s resistance to challenge all levels.** This class includes cardio and muscle conditioning using water equipment such as noodles and aqua dumbbells (buoys).

MIND / BODY

Vinyasa Yoga Classical Hatha Yoga practice including breathing (pranayama), relaxation, sun salutations & postures (asanas).

Restorative Yoga In this class, students will work with props to achieve postures that are restful and meditative. Poses are held for longer, and movement is slow and intentional. This class is great for beginners, those seeking relaxation, or participants with joint and mobility limitations.

Power Yoga An active yoga style that moves more quickly through yoga poses building heat, strength, & flexibility. Poses are linked together with vinyasa. Some knowledge of yoga is helpful but not necessary. Expect to sweat.

Chair Yoga An adapted form of yoga that makes yoga accessible to everyone. ... Chair Yoga allows the client to modify their yoga practice based on mobility, health, and current ability level. Chair Yoga offers a practice that includes seated poses on the chair and standing poses using the chair for balance and support.

BODYBALANCE Ideal for any and everyone, Les Mills BODYBALANCE is a new generation yoga class. You can expect to bend and stretch through a series of simple yoga movies, elements of Tai Chi and Pilates.

Flex & Stretch A class designed to actively stretch the body so that it maintains optimal mobility and range of motion. incorporates core training, stretching & proper breathing techniques for a full body workout.

Note: Please talk to your instructor before class if you have osteopenia/osteoporosis.

Tai Chi for Arthritis -helps to increase strength, flexibility, mobility and balance. For people with or without arthritis, Tai Chi for Arthritis is a good way to start your journey to better health. It is an enjoyable and safe set of forms which delivers many health benefits.
